

Health and Safety Policy Statement

Alex Butter Landscaping Ltd acknowledge our corporate responsibility for the health, safety and welfare of our employees at work and for the protection of other persons against risk to their health and safety out of, or in connection with, our activities. We are fully committed to a program of continual improvement.

One of the essential values that our organisation holds is that all adverse events are preventable. Therefore our principal objectives are ensuring the personal health, safety and welfare of all our employees and other parties who may be exposed to risks associated with our activities, and to the protection of the environment.

It is the intention of Alex Butter Landscaping, so far as is reasonably applicable, to ensure that:

- Our Line Managers and Site Supervisors have a delegated responsibility for the implementation of our health & safety protection arrangements.
- The provision and maintenance of plant and systems or work are safe and without risks to health.
- Arrangements for use, handling, storage and transport of articles and substances for use at work are safe and without risks to health.
- Adequate information is available with respect to articles and substances used at work detailing the conditions and precautions necessary to ensure that when properly used they will be safe and without risk to health.
- Employees are provided with such information, instruction, training and supervision as is necessary to secure their health and safety.
- The maintenance of all plant, machinery and equipment is safe not only to employees and sub-contractors but to any person who may be affected with regard to any premises of operations under our control.
- The working environment of all our employees is safe and without risks to health, and that adequate provision is made with regard to the facilities and arrangements for their welfare at work.
- We will not accept anything less than full compliance with all relevant health, safety and environmental legislation.

As a company we believe that active participation from all members of staff is essential to maintain the highest standards of Health, Safety, Environmental and Quality management.

Employees, visitors and contractors will be given such information, instructions and training as is necessary to enable work activities to be undertaken giving due consideration to health, safety and the environment, this will include employees identifying safe methods of work and changes that affect existing risk assessments.

We will carry out an annual review of our safety management system.

Alex Butter
